About me

I am an ambitious and tech-driven individual currently enrolled in an Advanced Digital Skills IT Programme, building on my foundation in Systems Development (NQF Level 5). With experience spanning IT support, facilitation, and digital innovation, I have developed a strong technical background and a passion for problem-solving through technology. My expertise includes web and mobile app development, as well as familiarity with AI and automation tools. Having worked as an IT Technician and Facilitator Assistant, I bring excellent communication, teamwork, and time management skills, along with a commitment to continuous learning and innovation in the evolving digital landscape.
